

Working session on CAP NN objective 6

1st NN Meeting | 22 March 2023

Omiš, Croatia

European Evaluation Helpdesk for the CAP

What is the new M&E objective and why it's important?

The evaluation related objectives of National Networks

Could the Evaluation Plan help to answer these questions?

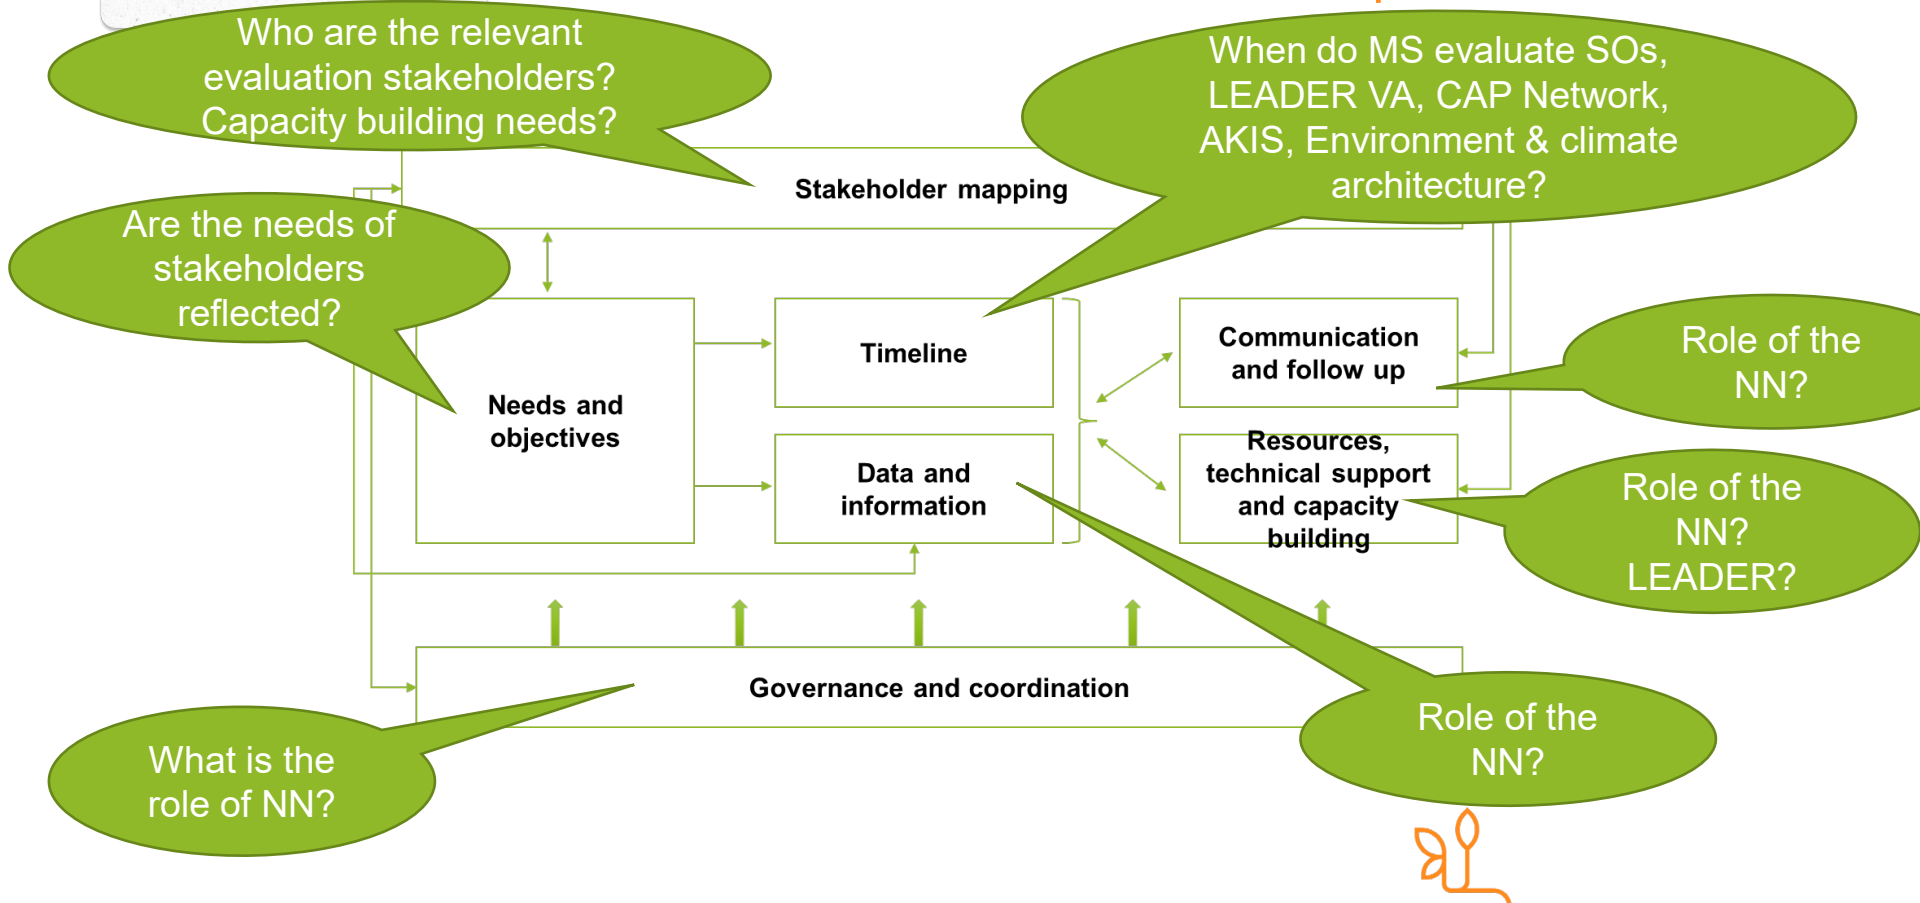

The Evaluation Plan – key facts

- MS draw up an Evaluation Plan (EP) with **intended evaluation activities** during the implementation period
- **Submitted to Monitoring Committee** one year after CSP approval
- Monitoring Committee gives opinion on Evaluation Plan and amendments (**No EC approval!**)
- MS share with EC **progress in carrying out evaluations, follow-up, amendments**

Evaluation Plan - chapters

Some first conclusions

- National networks need clarity on their **evaluation mandate and on the planned CSP evaluation and capacity building activities**
- **Evaluation plan of CSP is key tool** for CAP National Networks
 - to better understand/define their role as regards monitoring and evaluation capacities
 - to anticipate the upcoming evaluation activities, results, capacity building needs
 - to proactively contribute to monitoring and evaluation capacity and activities; and dissemination of CAP Strategic Plans results.

How to reveal the Networks' new M&E role?

Objective 6 - contribute to monitoring and evaluation capacity and activities

Brainstorming 1

Relevant lessons learned

Future opportunities

Brainstorming 2

Future challenges
