Rural Pact Conference 3-4 May

During study visits, breakout sessions and networking activities the participants will **share examples and discuss** what are the experiences so far and what can we learn from each other

Some of the topics will be:

- Best practices and examples on the implementation of the Rural Pact at national level.
- Local Action Groups as Local Pacts.
- Young people's involvement and participation in the Rural Pact.

Rural Week 2-7 May

The Rural Week is a platform for increasing knowledge, strengthening networks and increasing commitment to the development of rural areas.

The Rural Week takes place all over Sweden.

The idea is to build the program together and make it visible on the Rural Week website.

Rural Pact conference and Rural week in line with Rural Vision

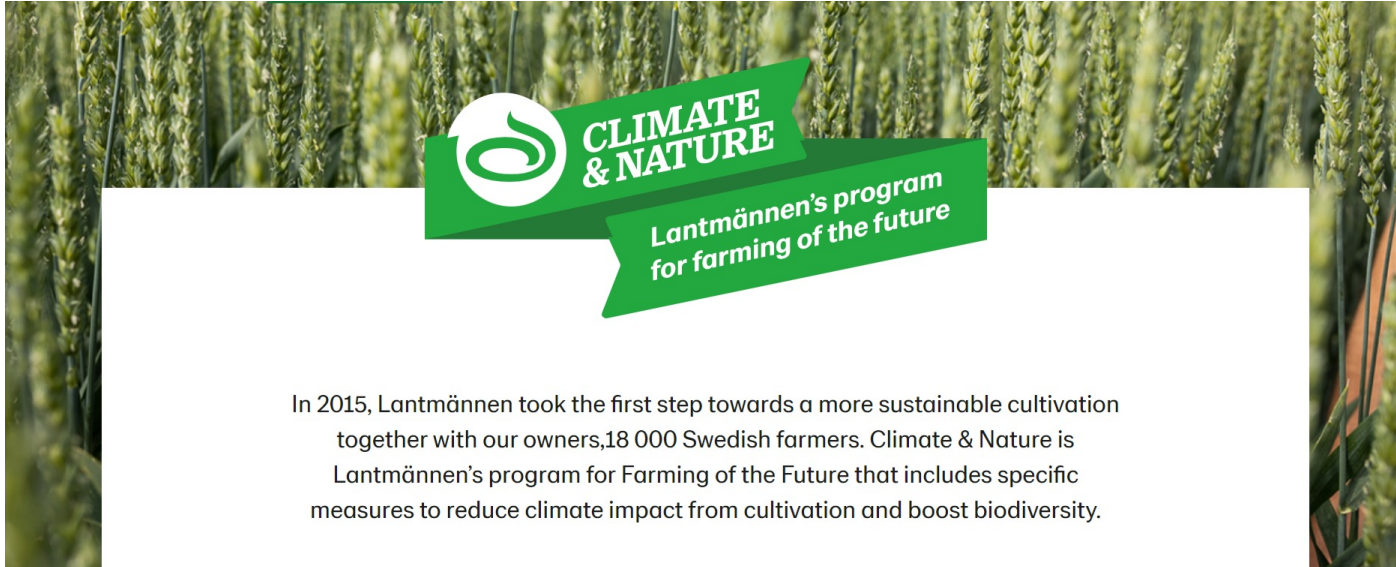

Successful environmental practice 23-24 May

During study visits, breakout sessions and networking activities the participants will **share examples and discuss key issues** relating to the implementation of the green architecture of the CAP, synergies between interventions and CAPs contribution to European Green Deal.

How can the increased environmental and climate ambition of the CAP, as well as animal welfare, contribute to a sustainable food chain?
