Fundacion Entretantos

Enhancement of extensive livestock farming

More than 500 multi-agent members network

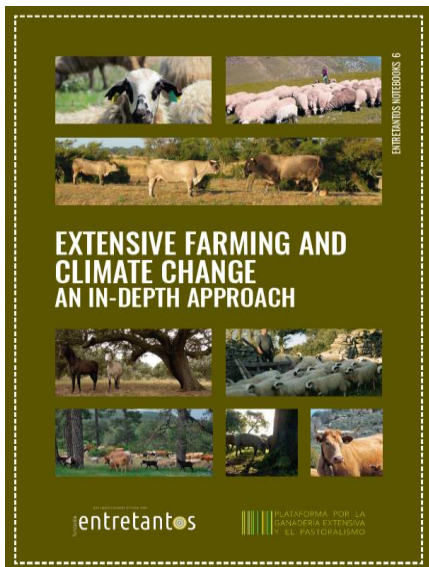

150 woman livestock farmers

The need for a FORMAL DIFFERENTIATION OF EXTENSIVE LIVESTOCK FARMING with respect to animal productions not linked to the territory

PUBLICATIONS FOR LINKING ACTORS

“IT ‘S NOT THE SAME” campaign

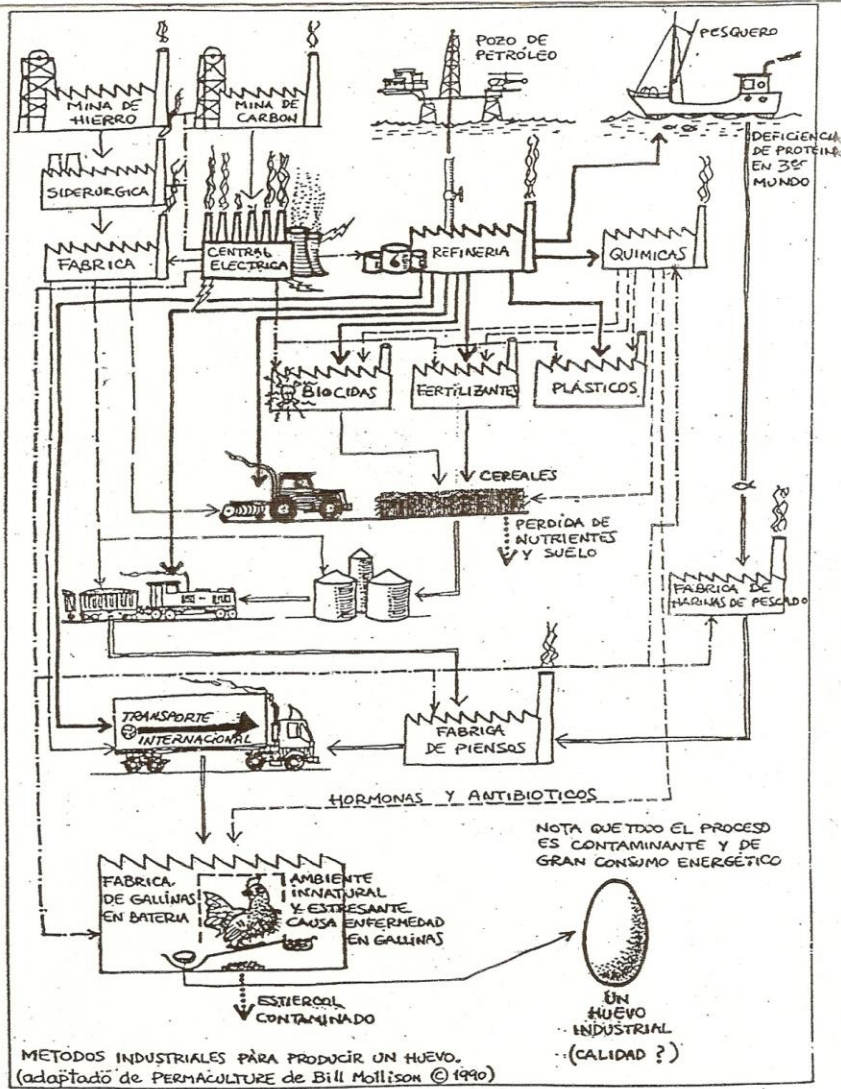

CERTIFICATION PROCESS

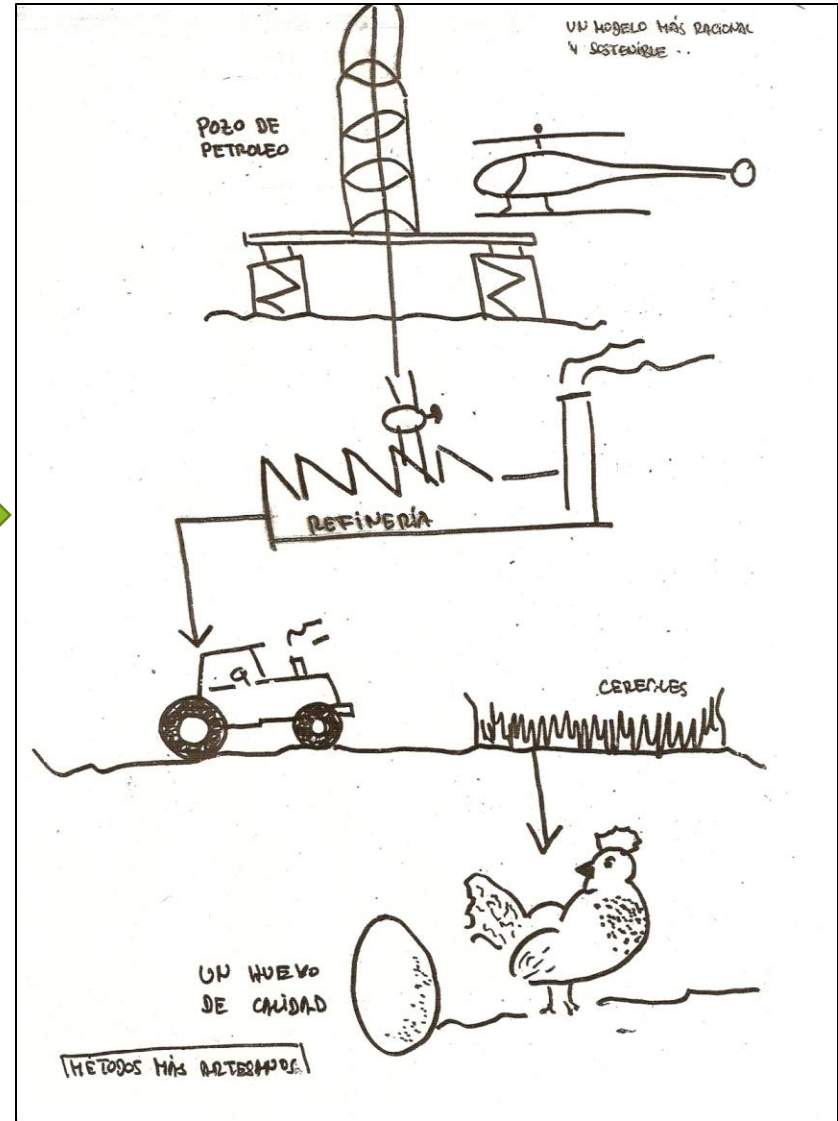

Brand of extensive food

# EXTENSIFICATION LIVESTOCK FARMING TO SHORTEN PRODUCTION CHAINS...

TERRITORIALIZE  
 LOWING C BURNING  
 SIMPLIFY  
 GAIN AUTONOMY

...GROWING IN FOOD SOVEREIGNTY FOR A BETTER ADAPTATION

# Strategic Action Plan for the Adaptation of Extensive Livestock Farming to Climate Change

- We had take care to involve all key stakeholders and society as a whole in the elaboration of a set of recommendations that currently form part of the plan;
- Its development has been accompanied by a group of more than 20 experts in the field;
- The plan is addressed at competent authorities, for the implementation of actions to promote the adaptation of extensive livestock farms to climate change.

Project for the Adaptation to Climate Change of  
Extensive Livestock Production Models in Europe

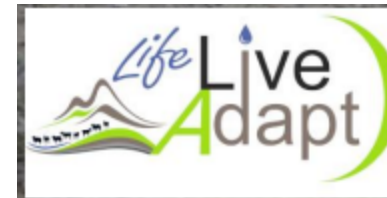

## STRATEGIC ACTION PLAN

for the adaptation of  
extensive livestock farming  
to climate change in  
mediterranean europe
