

**Board below:**

Note down the **ingredients for success** (desirable) for getting and maintaining a job in this sector. Split internal & external ingredients; cluster external ingredients. (20')

Out of the ingredients for success, identify '**must-haves**' (essential) for getting and maintaining a job in this sector **and turn the post-its to yellow**. (10')

**Board on the right:** note down key opportunities in this sector (related to must-haves or not). (15')

**Thematic Group on Rural Youth Employment:  
the voice of rural youth**

**1st TG meeting  
09/03/2023**

**Group C  
Public and  
third sector**

**ingredients for success  
&  
must-haves**

*internal / personal*

*external / context*

Motivation  
and gaining  
experience

Passion  
and  
education

good  
communication  
skills

Mobile  
services

Empowering  
young  
people

*work-place*

Empowering  
young  
people

Better  
networking  
among young  
people

Regional  
marketing/  
regional  
identity

Better  
opportunities  
for outreach  
(rural  
EURASMUS?)

Pooling  
resources  
within certain  
regions

*local*

Access to public  
services locally - for  
example hospitals  
are far away,  
requires innovative  
thinking and  
cooperation

Better  
networking  
across  
sectors

Better public  
transportation

Specialties  
between  
regions

Health  
services

LEADER'S  
role in  
capacity  
building

*policy & others*

Access to public  
services locally - for  
example hospitals  
are far away,  
requires innovative  
thinking and  
cooperation

LEADER could  
give training /  
projects to  
schools

Empowering  
young  
people

Better  
infrastructure  
(ex. LEADER)

*internal / personal*

*external / context*

*key opportunities*

Digital tools for  
jobs, for access to  
services, and for  
lifelong learning  
(attracting young  
people) (Supported  
by EU)

Better  
understanding  
of young  
people's  
aspirations

Coworking  
spaces

Networking at  
the EU level and  
working  
together in  
thematic groups

Sustainability jobs  
for example in  
ecological farming  
or renewable energy  
(support from  
National and EU  
level)
