

Introduction to the interactive session

David Lamb,
CAP Implementation Contact Point

#LeaderCLLD

Objective and topics

- **To exchange about relevant experiences and networking opportunities relating to making LEADER “Younger, smarter, simpler”**
- **Making LEADER “younger”** (more inclusive, participatory, and accessible for local stakeholders including youth and women in the development of the LDS, the implementation of projects, and the management of the LAG)
- **Making LEADER “smarter”** (more innovative in the broad sense, and having more links with research and science, AKIS, etc.; includes smart village strategies and capacities for innovation)
- **Making LEADER “simpler”** (reducing administrative burden and making procedures faster, simplification of controls, better coordination and cooperation among LAGs, MAs, PAs, NNs, etc.)
