MAIN CONSIDERATIONS FOR USING CLLD

THE CHALLENGES AND OPPORTUNITIES IN DESIGNING A MULTI-FUNDED CLLD STRATEGY

LIMITED RESOURCES AND CAPACITY

Challenge: Rural areas often face resource and capacity limitations.

Solution: CLLD or to submit projects to multiple funding sources

REGULATORY AND BUREAUCRATIC HURDLES

Challenge: Navigating through complex regulatory and bureaucratic processes.

Solution: to use simplified costs

COMMUNITY ENGAGEMENT

Challenge: Ensuring active participation and consensus among diverse community members.

Solution: simplification of the LEADER/CLLD programme (e.g. we managed to involve young people in the community only through the Erasmus project)

INTEGRATION OF FUNDS

Challenge: Effectively integrating various funding sources to optimize utilization

Solution: integrated database, project matching, joint Projects & Co-Financing, we create our own co-financing capacity

MONITORING AND EVALUATION

Challenge: Establishing systems to monitor progress and measure impact.

Solution: digital tools, integration with GIS, Digital Dashboard

Diversification of Financial Resources

Opportunity: Social Enterprises, Engage with Impact Investors, We will attract investments that might not be available through LEADER funds

Enhanced Community Engagement

Opportunity: youth engagement, interactive workshops, women engagement

Partnership and Collaboration

Opportunity: "Mountain Fusion" Pop-Up Events (Pop-Up Markets, Art Collaborations, Educational Partnership, Tech and Traditions)

Innovation and Creativity

Opportunity: Social Innovation, Innovation Challenges, Social Cultural Fusion Workshops, we will be more creative on giving funds for our territory needs
