

# *Sweden and multifunded CLLD*

- A multi-fund solution for CLLD is desirable
  - LAG have made it clear that they rather would continued with a multifunded solution
  - "Leader does not need several funds but the funds need Leader"
  - Create new contacts and cooperation partners
- Why Sweden leaves a multi-fund solution, the overall aspects
  - 90% of all projects could have been implemented in EAFRD
  - Difficult to know which fund the project should be in
  - Projects within the structural funds could receive support from other efforts outside CLLD
  - Demanding work with administration
- The importance of the same regulations and application of the different funds
  - Simplifies both for the beneficiary and the administrator
- Recommendations
  - Harmonization of regulations
