- Brings wide combination of funds and activities to a small area and to the local people
- Acquisition of wide range of skills
- High administrative capacity

Challenges:

- Complicated procedures
- Time consuming

Why CLLD?

- Multifund CLLD is recognized a powerful approach for local development by the local communities. 99% of LAGs declared will to implement multifund CLLD
- Large number of successful projects implemented with a significant local impact
- Extension of the territory of implementation – including urban areas
- Higher total budget (8% from the budget of the CAP Plan, 2% of the budget of each of the other financing programs) and budget for one LDS

Challenges:

- Simplification of procedures
- Reduced timing
- Lowering the administrative burden (for LAGs and for MAs)
