What is Network to Innovate?

Network to Innovate is a joint undertaking initiated by the CAP networks from the Nordic-Baltic region. The projects and initiatives are covering innovative solutions of future EU agriculture, food production and rural development.

The launch event took place on 26th of August February 2021

Looking back

Network to Innovate - How does LEADER support Agriculture and Innovation!?

16.05.2023

Network to innovate: Crop Biodiversity - 18 April 2023.

Network to Innovate: Crop biodiversity
18.04.2023

Network to innovate: New Generation Feeds - 21 March 2023.

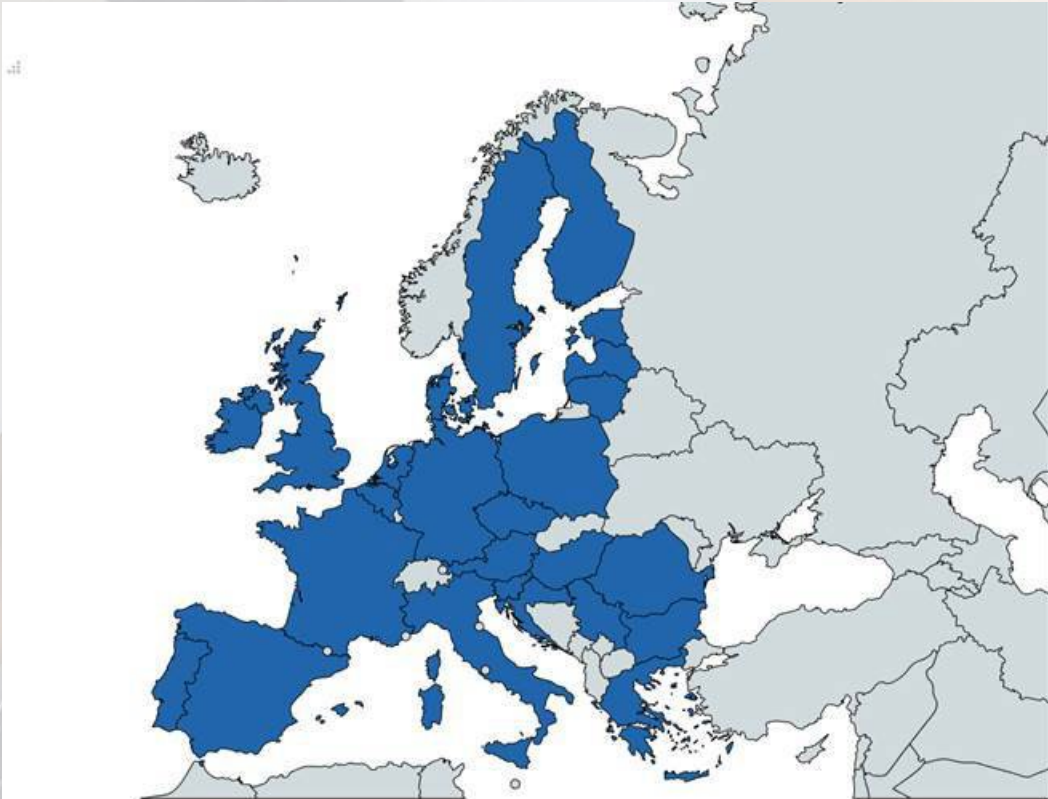

Network to Innovate - New Generation Feeds
21.03.2023

Network to innovate: Renewable Energy - 14 February 2023.

- **Around 800 persons participated in total (14 online events)**
- **In average 60 persons have registered per event and 45 participated.**
- **Participation rate in average around 75% from all registered persons.**
- **Participation rate was the lowest during the period September – November and the highest January-March.**
- **TOP-5 most popular events: Launch event, Farm Data, Waste management, Smart Farming and Renewable Energy.**

Challenges faced so far

- **Technical know-how or which platform to choose, how to organize user feedback and how to interact with audience smoothly.**
- **How attract people to online events? And how to reach main target groups: farmers and advisors?**
- **Format of the forthcoming events: inspirational, communicative, networking etc**
- **How to maximize social benefits in the future.**

Network to Innovate working group on „TNC EIP cooperation“

- **Many virtual and one physical meetings were organised in 2023 with Estonian, Finnish, Latvian and Swedish MAs, PAs and NNs.**
- **2024 meetings within different groups (MA, PA etc) discussing possible obstacles to overcome, and how to facilitate and practically implement common calls. For example:**
 - **Common administration**
 - **Opening of calls**
 - **Thematic calls**
- **National Networks organize innovation camps for possible project actors to network and develop ideas further.**
- **2025 - The first synchronized calls for Estonia, Finland, Latvia and Sweden. The different groups from MA, PA etc are ready to collaborate.**

Thank you!
