

4th one-day symposium of the Animal Task Force and EAAP Commission on Livestock Farming Systems

EAAP annual congress

Sunday 01 September 2024 - Florence, Italy

Provisional programme

Schedule	Speaker	Title
8:30-8:45	Frank O'Mara (ATF/Teagasc) & Michael Lee (Harper Adams University) <i>(Chairs of session)</i>	Livestock are more than food: welcome and introduction
8:45-9:15	Philippe Becquet (FAO)	Role of livestock in circular bioeconomy systems <i>(FAO report)</i>
9:15-9:45	Luigi Cembalo (University of Naples Federico II)	Beyond Edibles: Unveiling the Full socio-economic Value of Animal Production through Non-Food Products in Circular Economy Designs
9:45-10:00	Laurence Drouilhet (INRAE)	Genetic determinism of quality of lamb leather in Lacaune dairy sheep breed
10:00-10:15	Andrea Ceppatelli (University of Padova)	A systemic description of the dairy value chain's contribution to inclusive sustainable development in highland
10:15-10:30	Marc Benoit (INRAE)	What is the performance of a low-input sheep flock integrated into an agroecological field crop system?
10:30-11:00	<i>Coffee break</i>	
11:00-11:30	Henrik Bjarne Møller (Aarhus University)	Livestock manure for fertiliser and biofuels
11:30-11:45	Paul Cotter (Teagasc)	Cow's Milk – Going beyond basic nutrition to harness functional components
11:45-12:00	Jacopo Goracci (Tenuta di Paganico Farm & Italian Agroforestry Association)	Evolving standards: ethical perspectives on animal welfare in agroecology
12:00-12:30	Frank O'Mara (ATF/Teagasc) & Michael Lee (Harper Adams University) <i>(Chairs of session)</i>	Panel discussion
12:30-14:00	<i>Lunch</i>	
14:00-14:30	Massimiliano Probo (Agroscope)	Influence of pastoral management on the conservation of the cultural landscape and biodiversity of mountain pastures
14:30-14:45	Christine Roguet (IFIP)	Trends in the association of herbivores and pigs in the Massif Central
14:45-15:00	Fanny Vergely (INRAE)	Contribution of livestock in organic agriculture development: a study on nitrogen flows in expansion scenarios in France
15:00-15:30	Anne-Charlotte Dockes (idele)	The representations and attractiveness of livestock farming professions under the influence of societal issues. The French situation in a European perspective.
15:30-15:45	Frédéric Joly (INRAE)	Life cycle and ecosystem services assessments provide opposite evaluations of the food and non-food contributions of livestock farming systems
15:45-16:00	Giorgia Angeloni (IZS delle Venezie)	Beyond the Pigs: Socio-Economic Impacts of African Swine Fever (ASF) on Indigenous Breeds in Bulgaria and Eastern EU

4th one-day symposium of the Animal Task Force and EAAP Commission on Livestock Farming Systems

EAAP annual congress

Sunday 01 September 2024 - Florence, Italy

Provisional programme

16:00-16:30	<i>Coffee break</i>	
16:30-16:45	Vitaly Khutoryanskiy (University of Reading)	Pharmaceutical biopolymers of animal origin (e.g. gelatine, hyaluronic acid, heparin, chitosan, insulin) and their applications.
16:45-17:00	Giacomo Zorzi (UNIC)	Valorization of a waste from food industry: bovine hide to leather
17:00-17:15	Gilles Martel (INRAE)	Cross-analysis of crop-livestock integration, sustainability and biodiversity on 10 French experimental farms
17:15-17:30	Liza Garcia (University of Florida)	Bee friendly livestock systems
17:30-18:00	Frank O'Mara (ATF/Teagasc) & Michael Lee (Harper Adams University) <i>(Chairs of session)</i>	Closing remarks
