Working for the **sustainable development** of the society

We aim to improve the **competitiveness and the quality of life of the society**, with a special focus on **rural regions**, through the promotion and implementation of national and international R+D+I projects in cooperation with companies, public administrations and social entities

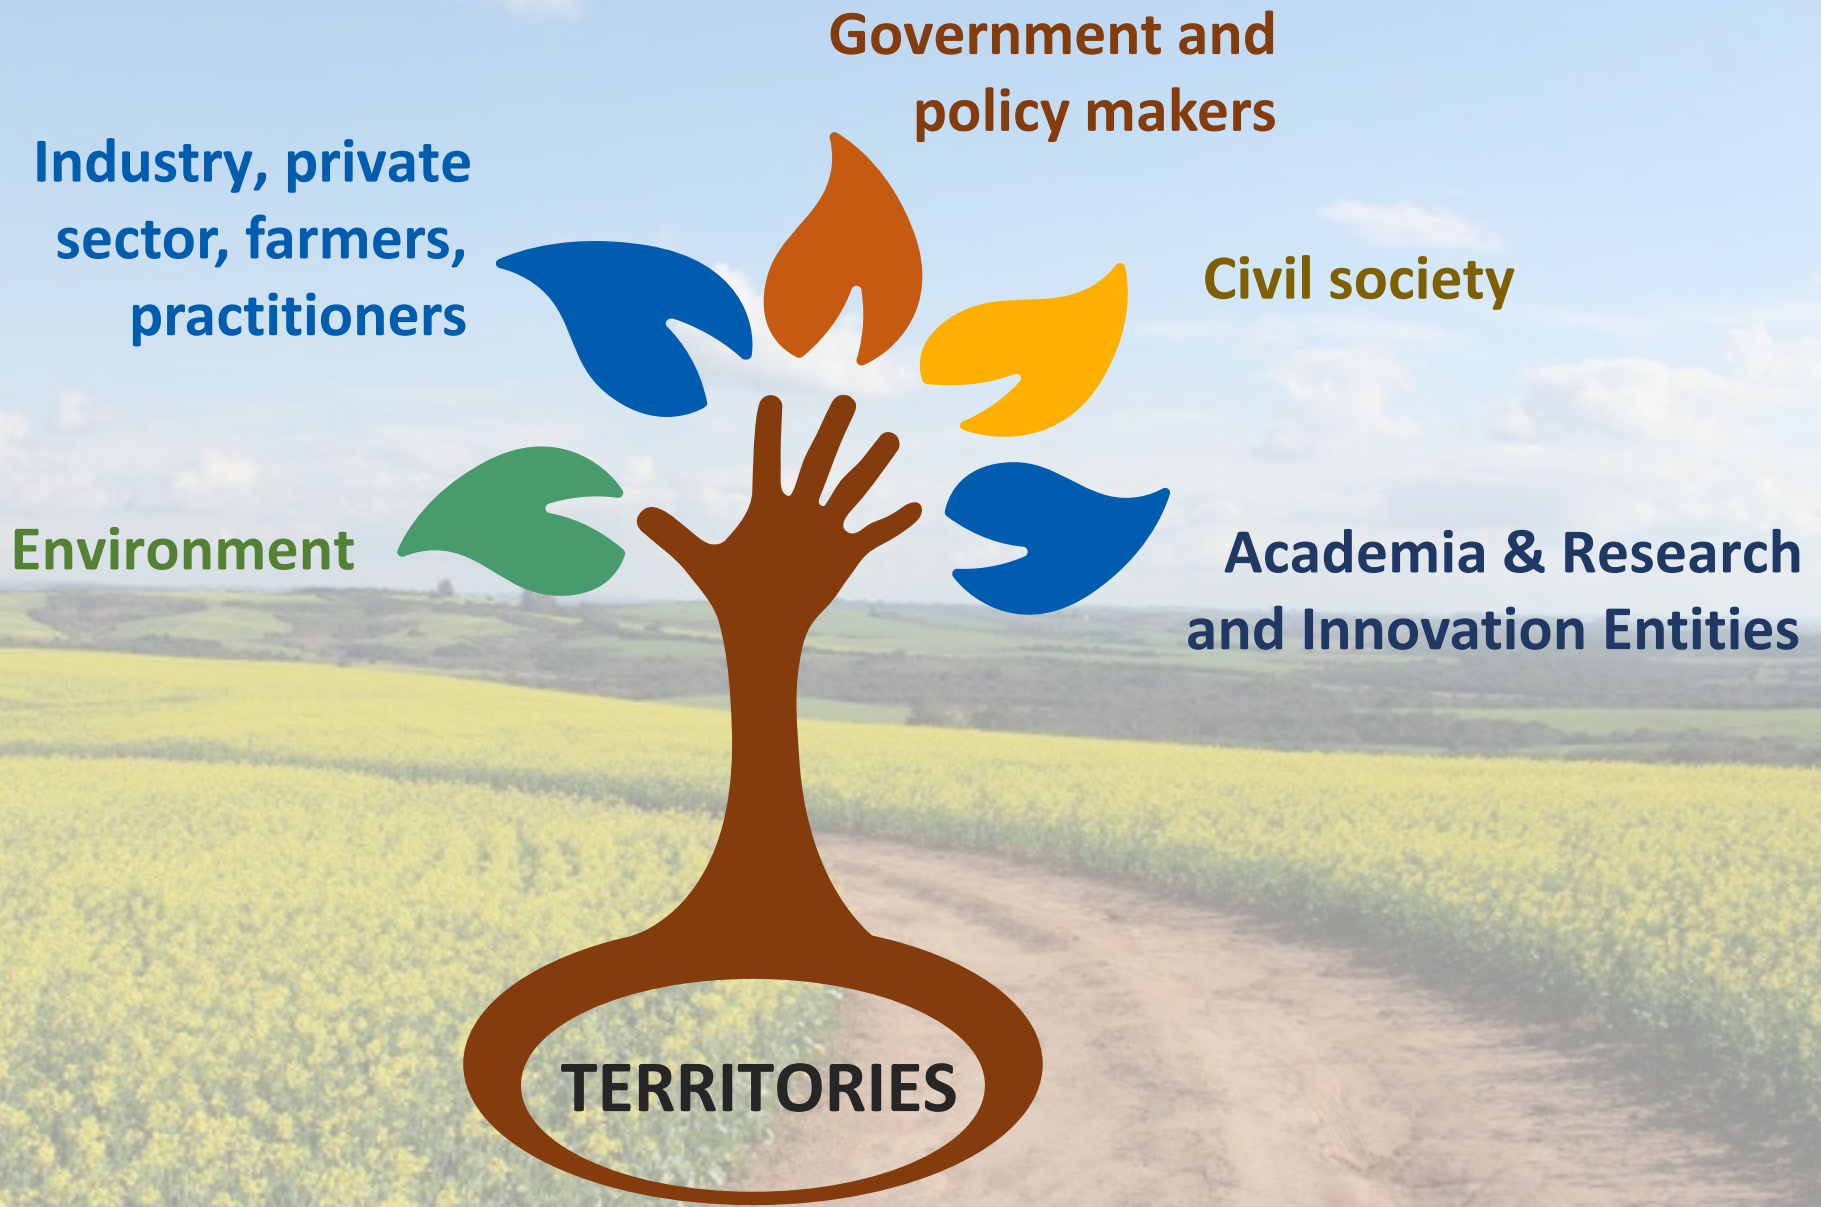

The mission of BETA

Providing guidance, innovation and technological support to all actors involved in the whole production chain (including consumers)

To be a useful actor to support the transition to circular bioeconomy of societies, with a special focus on agro-food systems.

Supporting public administrations in the elaboration of **new policies, regulations and strategies** on the basis of scientific evidence at all levels, from local to international.

Becoming a
development
agency

Beta

Biodiversitat, Ecologia,
Tecnologia Ambiental i Alimentària

A technological centre
with a differential value.

**Working globally, acting
locally**

Environmental Technologies

Sustainability

Nature-Based Solutions

Sustainable Food & Farming Systems

Citizen Science

Governance

And there are more starting in 2024: CSSBoost, TRANSFORMED, COUSIN, KNOW&CHEESE, LIFE ECO-FOODCHOICE, SEACURE, SURE-AMR, EVECSA, LOCAL4FLOOD, CARBON FARMING, GREENHOOD, FOODTURE,...

➔ We are active members in a wide variety of **Euro-Mediterranean** Project consortiums, mainly as **coordinators**

ENI-CBC-Med Programme

Interreg Euro-Med

PRIMA Foundation
