

WEBINAR

BreedingValue presents: The Germinate berry database

26th of November 2024
10.30 – 12.00 CET

Webex

<https://hutton.webex.com/hutton/j.php?MTID=mbc0ef8e50c43c554548b6ad93b28777>

Join us for an exciting and informative webinar where we'll introduce our groundbreaking online database dedicated to strawberries, raspberries, and blueberries! This comprehensive resource is designed to support researchers, breeders, and enthusiasts alike, providing a wealth of information that is crucial for advancing berry science.

AGENDA

- **Welcome and BreedingValue project description**
(Bruno Mezzetti, Università Politecnica Delle Marche)
- **Data management and visualization: Objectives and challenges** (Björn Usadel & Elisa Senger, Forschungszentrum Juelich GmbH)
- **Germinate platform functionalities and outlook focusing on the BreedingValue berry database**
(Paul Shaw & Sebastian Raubach, James Hutton Institute)
- **Questions and discussion**

Whether you're a seasoned researcher, a novice in the field, or simply passionate about berries, this webinar will equip you with the knowledge and tools to utilize the berry database to its fullest potential.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 101000747.
