#BiodiversityForResilience

What happened so far and where do we want to go

1st online TG meeting
(23 September 2024)

2 informal group sessions in October

2nd in-person TG meeting
(13 November 2024)

Recommendations developed by you!

[#BiodiversityForResilience](#)

Objectives of the 2nd TG Meeting

- › **Share good practice examples** of engaging farmers for biodiversity action.
- › **Identify the factors that need to be in place** for effective design and implementation of interventions to improve biodiversity outcomes on farmland.
- › **Develop recommendations** on how to improve biodiversity schemes on farmland at scale (e.g. biodiversity action beyond the ‘single farm’ and landscape-scale approaches, involving multiple farms; using collective approaches and other forms of cooperation).

#BiodiversityForResilience

Agenda of the Day

Timing	Agenda item
09.30 -10.00	<i>Registration & welcome coffee</i>
10.00 – 10.30	Introduction and Warm-up activity
10.30 – 10.50	Reporting key messages from the 2 informal TG exchanges
10.50 – 11.15	Delivering for biodiversity – Inspirations for coordinated action
11.15 – 12.30	Interactive session 1 - Key elements for improving biodiversity outcomes at scale
12:30 – 13:30	<i>Networking lunch & group picture</i>
13.30 – 14.00	Harvesting from first interactive session
14.00 – 15.45	Interactive session 2 - Developing recommendations
15.45 – 16.00	Main take-aways of the TG & conclusion

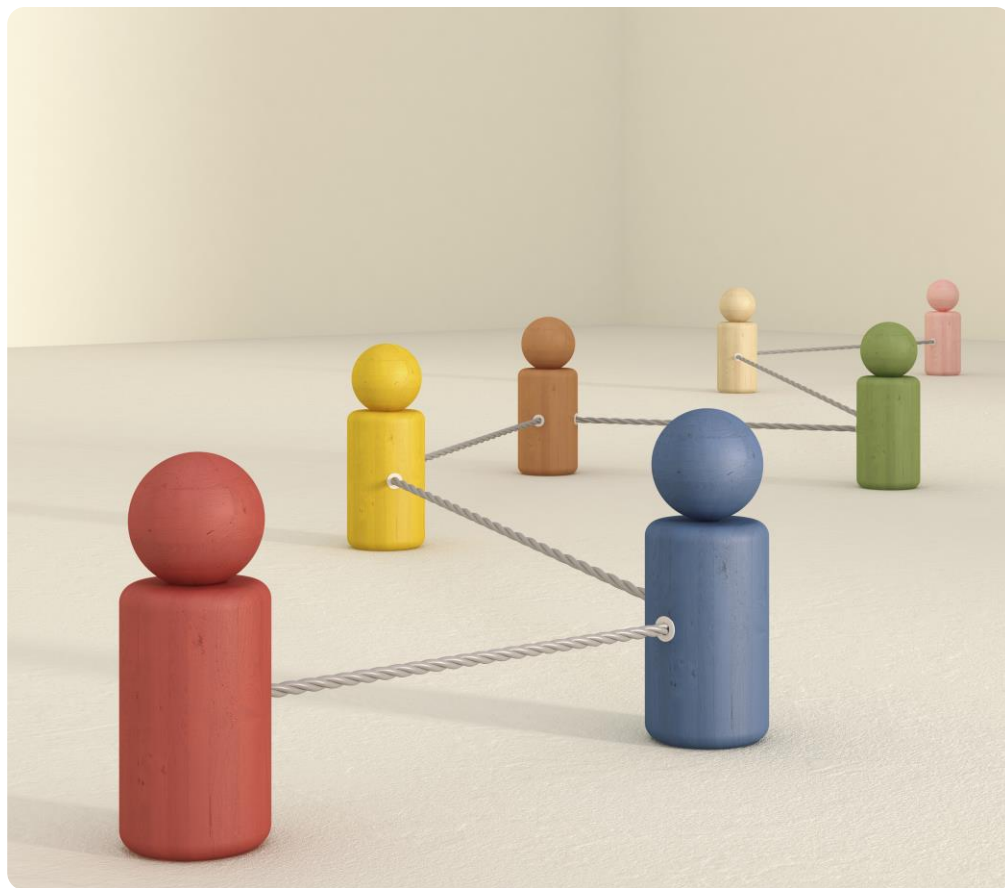

#BiodiversityForResilience

Warm-up Activity: Creating Connectivity

1. Think about biodiversity actions beyond the single farm
2. Say a word that comes to your mind about this
3. Pass on / throw the roll of string to someone who is **not** directly next to you

#BiodiversityForResilience

Reporting Back from the Informal Sessions Between Thematic Group Meetings'

Practical scheme design for engaging farmers and encouraging landscape scale approaches

Attila Nagy, *Hungarian Ministry of Agriculture*

#BiodiversityForResilience

Reporting Back from the Informal Sessions Between Thematic Group Meetings'

Improving the understanding of economic and environmental benefits of biodiversity
action

Ole Ostermann, *Agroecology Europe*
