

# Shaping Future for EU agricultural policy

resilient, green and fair

Event to present the joint **proposal** by 36 associations from agriculture, environmental and climate protection, nature conservation, consumers protection, animal welfare and development organisations for a future-proof EU agricultural policy post 2027

● Tuesday  
10th Dec 2024  
6:00 pm

+ reception

- at the Representation of Lower Saxony to the EU
- Rue Montoyer 61, Brüssel
- Languages: interpretation for DE / EN

[Register here](#)

The EU's Common Agricultural Policy (CAP) sets the framework for agricultural and environmental policy in all European member states. No other policy area has a larger budget, and none is more significant for the shaping of agricultural markets. The decisions on the design of the next EU budget until 2034 (MFF) and the CAP after 2027 will set the course for our future. With its brochure 'SHAPING FUTURE' (DE/EN), the German "Platform of Associations on the CAP" has presented a concrete proposal for a future-proof CAP. At the beginning of the new legislative cycle and in the light of the recommendations of the Strategic Dialogue, we would now like to discuss our proposal with you.

For the Platform of Associations\*

Friends of the Earth Germany (BUND)  
Arbeitsgemeinschaft bäuerliche Landwirtschaft (AbL - family farmers' association)

The event of the Platform of Associations is funded by the Federal Ministry for the Environment, Nature Conservation, Nuclear Safety and Consumer Protection as part of the funding project „CAP from 2028: For a fundamental change in agriculture - rewarding concrete services for public goods“ of the Federal Agency for Nature Conservation (funding reference: 3524840800). It reflects the views and opinions of the funding recipient and does not necessarily reflect the views of the funding provider.

With financial support from the

Bundesministerium  
für Umwelt, Naturschutz, nukleare Sicherheit  
und Verbraucherschutz

pursuant to a resolution of the  
German Federal Assembly.

The brochure SHAPING FUTURE on the CAP is a joint publication by:

\* In the German Platform of Associations on the CAP, the participating and signatory associations from agriculture, environmental protection, nature conservation, climate protection, consumer protection, animal welfare and development organisations draw up joint statements and demands

on the CAP. Some of the individual associations and organisations have and are pursuing more far-reaching and specific demands going beyond this baseline. Information about the individual organisations and their demands can be found on their websites.

Contact details for the individual organisations are given in the list on pages → 34–35 of the brochure SHAPING FUTURE.
