# Subgroup on Innovation and Knowledge Exchange (SolKE)

- Exchange on use of results from EU CAP Network events in Member States
  - **National focus groups** on topics from EU CAP Network activities (e.g. Austria)
  - SolKE members learn from each other, deepen contacts and organize **knowledge exchange activities** (e.g. cross-visit Italy-Flanders on advice and administrative aspects)
- Study on outcomes achieved by EIP-AGRI Operational Group (OG) projects
  - 65% of OGs fully met the objectives
  - **Main drivers and barriers** for successful co-creation of innovative solutions:
    - Key: OG composition: mix of relevant complementary expertise, partners' motivation, effective coordination
- Actions for follow-up and uptake of OGs outcomes
  - **Knowledge circularity** approach and **multi-actor approach** (Horizon Nutri-Know)
  - **Living lab** scaling up outcomes of OG (Portugal)
  - E.g. Right partners in OG to spread outcomes, post-project support to scale up results
- Information on latest developments on EIP-AGRI and Horizon Europe
  - Request to feed results of EIP-AGRI OGs into the **EU-FarmBook** platform = digital platform to support agricultural sector by providing best practices
