# "Perspektive Landwirtschaft"

Dating Platform for farmers and possible successors

Eva Wallerberger Federal Ministry for Agriculture Austria Brussels, 11. December 2024

## **About "Perspektive Landwirtschaft"**

#### What is it:

 An Austrian online platform connecting farmers without successor to people interested in taking over a farm.

#### Why it matters:

- In Austria, 93% of farms are family-run, typically passed down within families.
- However, many farms face uncertain succession
- Solution: Non-family farm succession

### **How it works**

 Matchmaking Platform: Functions like a "dating platform"
for farmers and potential successors.

 Users can register, search for available farms, and connect with retiring farmers.

 Farmers can browse profiles of individuals, couples, or families seeking to take over a farm.
