# Time to hear from you!

- As part of the TG's work, we are planning two short online meetings (each lasting a maximum of 90 minutes) to build on the discussions from the first TG meeting and lay the groundwork for the second meeting.
- These meetings will be informal discussions.
- The topics will be selected based on the majority of your preferences. The dates chosen for the meetings are 26 March and 23 April (from 14:00 to 15:30 CET).

# Time to hear from you!

- The role of media in the promotion of farmers
- Strengthening the connection with society
- Policies for better recognition of farmers
- Making farming 'cool' again
- Innovative practices on valuing farmers from outside Europe
