POLICY

Organisational structure

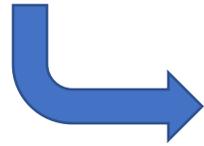

Network Support Unit works inside the Managing Authority
(on the ministry; 2 full time)

Strong collaboration with:

Ministry's cabinet

Managing Authority / Direktorat for Agriculture (AKIS unit, LEADER unit, Nature and Climate units, young farmer)

Regional INFO points (working inside The Public Agricultural Advisory Service)

Social partners (young farmers association, organic farmer association ...)

Paying Agency and other ministries (like ministry for Cohesion Policy)

Organisational structure - changes

Changes in the programming period 2023-2027:

- new communication approaches and projects (EU organic day event, influencers, more videos)
- bigger emphasis on AKIS (new organisational unit inside the Directorate for Agriculture)

CAP Strategic Plan 2023-2027 interventions

Intervention IRP32: Knowledge exchange and advisors training

Intervention IRP31: Support for OG - EIP projects

Digitization supported under various investment measures

NEW! **Intervention IRP30:** Intergenerational knowledge transfer

NEW! **Intervention IRP38:** Consortia - Development of multi-actor partnerships of research institutions – EIP

Complementarity with the Recovery and Resilience Mechanism

→ All open calls in 2024!

How do we support EIP?

Challenge 1: How to support establishment of new EIP operational groups?

→ **Nominating regional innovation brokers** (inside The Public Agricultural Advisory Service)

- organising regional workshops
- collecting EIP ideas and needs
- helping organising initial EIP operational groups

How do we support EIP?

Challenge 2: How to disseminate EIP projects results?

→ Knowledge Exchange Platform

- collecting all EIP, national and (Horizon, LIFE, Interreg) projects results on one place
- easy to use and search approach
