

A photograph of a vineyard at sunset. The sun is low on the horizon, creating a warm orange and yellow glow. In the foreground, there are green grapevines with large, serrated leaves and some curly tendrils. The background is slightly blurred, showing more of the vineyard and the horizon.

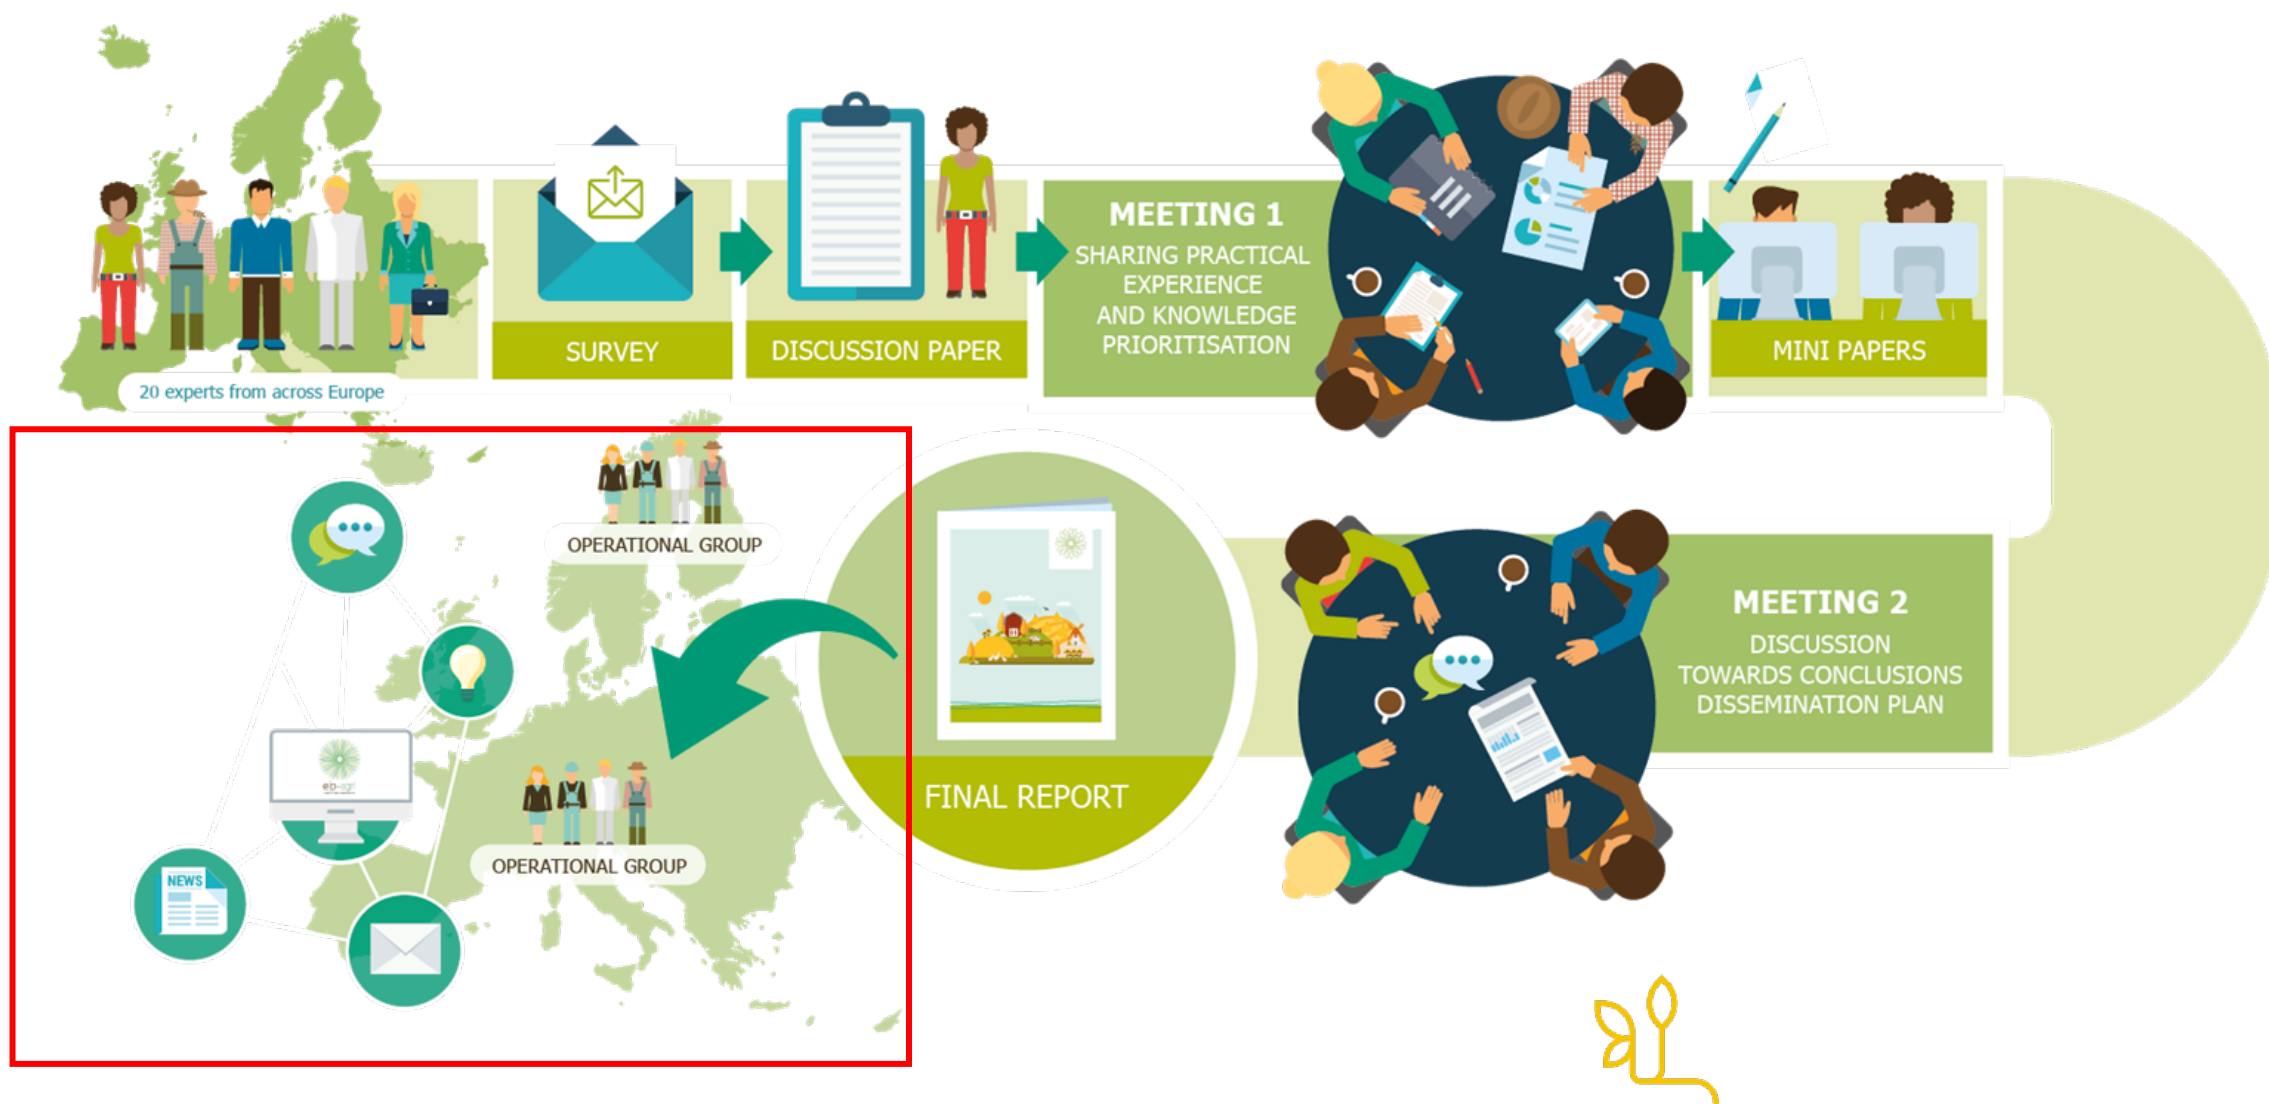

# Focus Group 'Local plant genetic resources in view of climate change and biodiversity loss'

Chania, Greece  
20-21 May 2025

**What will you do to  
increase the impact and  
dissemination of the  
results?**
