Overview of Main Thematic Areas

Handling of CAP
Applications /
Implementation

Reporting
Requirements

Control
Requirements &
Inspections /
Monitoring

Focus of 1st TG meeting

Governance / Rules /
Planning

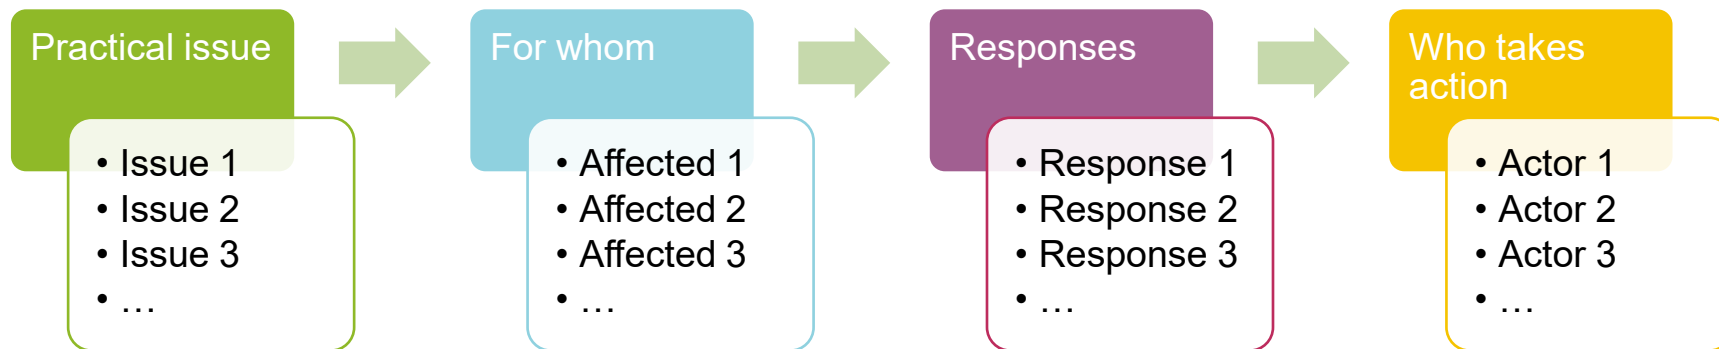

Enabling
Environment

Focus of today

Horizontal: use of digital tools

Structure of Discussion

#CAPSimplification

Time to Split in 3 Groups

Check your name badge!

1

→ **Room:** plenary
→ **Facilitators:** Lisa, Eirini

2

→ **Room:** upstairs, right
→ **Facilitators:** Kaley, Alistair

3

→ **Room:** upstairs, left
→ **Facilitators:** Alessia, Mike

Lunch Break!

Let's get practical – topics prioritised

Use of digital tools

- Making the principle of 'collect data once, use multiple times' a reality
- Harmonised tools

Controls

- Overcoming the fear of audits
- Implementing more risk-based approaches

CAP Simplification

Supporting environment

- Pathways to share and develop more practical examples to showcase different SCO methods and AI tools
- Testing and piloting of interventions

CAP governance / rules / planning

- Putting the right conditions in place to ensure stability
- How to improve the design of incentives to ensure coherence

Let's get practical – Guiding questions

- › How to ensure the solution is feasible?
- › What more is needed to make solutions work in practice?
- › How can solutions developed be scaled up?
- › Who needs to take action?
- › What is the time scale?
