

# Draft Agenda

## **EU CAP Network Seminar: Ensuring the Right to Stay for Young Farmers and Rural Youth**

11 March 2026

Renaissance Hotel, Rue de Parnasse 19, Brussels

Funded by  
the European Union

## 1. Introduction

This full-day event is designed to turn the [EU Strategy for Generational Renewal](#) into action by bringing together young farmers, rural youth, National Networks and Managing Authorities to co-create practical solutions. Through interactive sessions and dialogue, the seminar aims to address barriers such as land access, finance, skills, and rural attractiveness, ensuring that rural youth and young farmers can see a future for themselves in vibrant rural communities.

The seminar aims to:

- **Facilitate dialogue and exchange on how to translate the EU Strategy for Generational Renewal into national proposals**, supporting the co-design of actionable inputs for national Generational Renewal Strategies and their link to the future NRPPs and CAP 2028–2034.
- **Build strong partnerships** among Managing Authorities, youth organisations, National Networks, education providers, advisors and other relevant stakeholders to deliver integrated future pathways for rural youth and young farmers.
- **Exchange good practices among participants** on effective national measures and interventions that support generational renewal and counter rural depopulation.

Timing	Agenda item
