Source of information: All data presented in this factsheet is collected from the Annual Implementation Reports (AIRs) submitted by Member States to the Commission by the end of June 2023. Data was retrieved in January 2024 from the 2022 AIRs. Exceptionally, the EURI planned expenditure is based on the latest adopted RDPs on 15 March 2024, while the EURI realised expenditure is based on declarations of expenditure up until Q4 2023.

In this factsheet, public expenditure means total public expenditure (= EAFRD + Member States matching funds + any national top-ups). Due to rounding, there may be small discrepancies between some figures presented. Data illustrated cover the programme implementation period between 2014-2022.

Disclaimer: This factsheet aims to provide a user-friendly summary of the progress made in the implementation of the rural development policy. While based on monitoring data submitted by Member States to the Commission, the analysis was undertaken by the CAP Implementation Contact Point and the information presented should not be considered as official data from the European Commission.
